

## How to get to the venue (Detail)

This is an additional (and detailed) information how to get to the venue (our Department of Mathematics) from JR Sugimotocho Station.

### 0. Remark after you get off the train...

After you get off the train, walk up to the stairs, and turn right. You will find another stairs down to the ticket gate. It is the **East Exit** that we mentioned on the webpage.

### 1. After going out of the ticket gate...

(1) At first, in the 1st picture, you will find a white building (red circle) on the front. Turn right and go straight along the street, and you will find the entrance of our university **soon** (2nd picture).

(2) Enter the red circle in the 2nd picture and go straight along the street, you will find the following building (3rd picture). After reaching to the red spot (just in front of the building), turn right and go straight. Finally you will arrive at Department of Mathematics ☺

After arriving at the gate, you will find an instruction. Following the instruction, please come to the venue.
