野田 尚廣

1. T. Noda, A special Lagrangian fibration in the Taub-NUT space, *J. Math. Soc. Japan*, Vol. **60**, No. **3**, (2008) 653–663.
2. T. Noda, Equivalence problem of second order PDE for scale transformations, *Hokkaido Mathematical Journal*, Vol. **40**, No. **3**, (2011) 313–335.
3. T. Noda, K. Shibuya, On implicit second order PDE of a scalar function on a plane, *Internat. J. Math.* Vol. **22**, No. **7**, (2011), pp. 907–924.
4. T. Noda, K. Shibuya, Second order type-changing equations for a scalar function on a plane, to appear in *Osaka. J. Math.*
5. T. Noda, K. Shibuya, Rank 2 prolongations of second order PDE and geometric singular solutions, submitted.
6. T. Noda, On prolongations of second order regular overdetermined systems with 2 independent 1 dependent variables, submitted.
7. T. Noda, On a certain invariant of differential systems associated with nilpotent graded Lie algebras, submitted.
8. T. Noda, K. Shibuya, Type-changing PDEs and singularities of Monge characteristic systems, in preparations.
